Avoid being alone with a child

To protect yourself and the child from risk:

- Do not isolate yourself and a child and avoid being alone with any particular child
- If a child approaches you and wants to talk to you privately about a matter, do so in an open area and in sight of other adults (e.g. other coaches, officials or parents/guardians)
- Before going into change rooms knock or announce that you will be coming in. Try to have at least one adult with you in a change room with children.
